

Prosthodontist

Regular Part-time (One day per week)

BC Cancer – Surrey Cancer Centre

Surrey, BC

BC Cancer is seeking applications for a Prosthodontist to work one day a week in the Oral Oncology/Dentistry clinic at the Surrey and Abbotsford Cancer Centers in the future.

The Surrey Cancer Centre, located in Surrey, BC, offers a full range of services in Medical Oncology, Radiation Oncology, Hematology, Oral Oncology, Palliative care and support services such as Nutrition, Clinical Trials and Patient and Family Counseling.

As a Prosthodontist at the Surrey Cancer Centre, you will be a member of an interdisciplinary team made up of physicians, nurses, pharmacists, and other professionals who are passionate about providing health care to Oncology Patients. Candidates must have a strong interest in oral oncology and removable prosthodontics. Previous clinical experience with the management and treatment of Head and Neck Cancer patients and experience with clinical teaching is preferred.

What you'll do

- Post cancer treatment dental consultations,
- Direct patient care of post-cancer treatment patients, and
- Resident didactic teaching and clinical supervision

Qualification

- Degree in DDS/DMD from an accredited academic institution.
- CDAC or CODA-accredited advanced training program in Prosthodontics.
- Registration or eligible to be registered as a Certified Specialist in Prosthodontics with the College of Dental Surgeons of BC (CDSBC).

To apply, please send a letter expressing your interest along with your curriculum vitae to:

Suzanne Carlisle

Department Head, Oral Oncology/Dentistry Surrey

BC Cancer, Surrey Cancer Centre

Suzanne.carlisle@bccancer.bc.ca

Applications will be accepted until March 1, 2022

What we do

BC Cancer is committed to reducing the incidence of cancer, reducing the mortality from cancer, and improving the quality of life of those living with cancer. BC Cancer provides a comprehensive cancer control program for the people of British Columbia in partnership with regional health authorities to deliver a range of cancer services, which include prevention, screening and early detection, diagnosis and treatment, research, education, supportive care, rehabilitation, survivorship and palliative care. It operates six regional cancer centres in Surrey, Kelowna, Vancouver, Victoria, Abbotsford, and Prince George.

The Provincial Health Services Authority (PHSA) plans, manages and evaluates specialized health services with the BC health authorities to provide equitable and cost-effective health care for people throughout the province. Our values reflect our commitment to excellence and include: Respect people – Be compassionate – Dare to innovate – Cultivate partnerships – Serve with purpose.

PHSA and BC Cancer are committed to employment equity, encouraging all qualified individuals to apply. We recognize that our ability to provide the best care for our diverse patient populations relies on a rich diversity of skills, knowledge, background and experience, and value a safe, inclusive and welcoming environment.
