

We are looking for a dentist generalist for a full-time position 4-5 days per week, for our busy and growing, privately owned dental practice. The current associate is leaving for personal reasons, and is willing to discuss his experience at our office with any interested applicants. The position will be available starting January 2026.

Although a full-time position is being offered, we can be flexible on the number of days.

This is a well-equipped modern practice, offering a varied range of dental services within the scope of general dentists. We do operative dentistry, crowns and bridges, Implants, gum grafts, perio maintenance, limited orthodontics, endodontics etc. We are equipped with a PAN CBCT, CEREC, N O sedation, modern integrated dental chairs with electric motors, amongst other things.

The position carries a high-income potential, with 40% of collections offered, and no deductions. We collect at the time of service for all procedures, except for patients on the CDCP plan (Balance billing). We offer a group insurance program to all of our staff members, as well as free of charge dental care after 1 year of employment.

We place no pressure for production and place great importance on a caring and collaborative practice philosophy. We are hoping to find a candidate compatible with these values. Mentoring can be offered to less experienced colleagues, mainly by the principal dentist, who is the sole owner of the practice, Dr. Karim Khalife.

Should you be interested in such a position, please contact Dr Karim Khalife

Directly at 514-497-5741, or leave your CV via text at this number or via Email at info@dentistefloss.com.

Looking forward to speaking with you,

Dr. Karim Khalife.
