

Join Our Multidisciplinary Team – Oral Pathologist Opportunity

We are excited to share a tremendous career opportunity for an **Oral Pathologist** to join our dynamic, fast-paced, and growing practice in Newmarket, Ontario, Canada.

Our team includes **oral surgeons, anesthesiologists, a periodontist, and a prosthodontist**, all working collaboratively to deliver exceptional care. We are uniquely positioned across the street from our local **regional hospital**, providing seamless access to hospital resources and a truly integrated approach to patient treatment.

Our **state-of-the-art, three-floor facility** is equipped with **hospital-grade operating rooms, CBCT scanners, and an in-house dental laboratory**. Every detail of our practice is designed with one priority in mind: **outstanding patient care**. We spare no expense when it comes to investing in the latest technology, facilities, and support systems that empower our specialists to perform at the highest level.

This is an exciting opportunity to become part of a **busy, multidisciplinary environment** where your expertise will be valued, supported, and fully utilized.
